

The Haven

The Haven will be a literal haven from the world. A place in which you can sneak away for vacation or come home to every day. Designed specifically for our Sage Hen Community, this thoughtfully designed home considers every detail of luxury, space, and light, with large open spaces, lots of storage and a modern mountain style.

Featuring four bedrooms and three and a half bathrooms, laundry on upper level for convenience, additional family room on lower level, large two-car garage, and beautiful balconies off the front and rear of the home that dramatically frame the blissful water or mountain views.

TOTAL: 3243 SQ. FT.
